

File Maliciousness

The file hash **54e6ea47eb04634d3e87fd7787e2136ccfbcc80ade34f246a12cf93bab527f6b** is **malicious**.

The VirusTotal results show that more than 50 security vendors detected the file as malicious, with the activity materials reporting a **58/72 detection ratio**. Multiple vendors identified the malware as **Flagpro**, which is associated with the BlackTech malware family. These results, together with the negative community assessment described in the activity, provide consistent evidence that the file is malicious.

Three Indicators of Compromise

1. Hash value

MD5: **287d612e29b71c90aa54947313810a25**

This hash is listed in the VirusTotal Details information as another identifier for the malware.

2. Domain name

org.misecure.com

This domain was identified as a malicious contacted domain in the Relations information.

3. IP address

207.148.109.242

This IP address is associated with the malicious **org.misecure.com** domain in the reported VirusTotal/sandbox analysis.
